Technical Specification

Product Name:	Carplay/Android Auto 2 in 1 Dongle Box	
Product Model:	BW-W18	
Product Photo		
Overview:	This product is suitable for models with the original car with wired CarPlay or with wired Android Auto	
	Through the USB interface of the car, the original car wired CarPlay can be upgraded to wireless CarPlay	
	Or the original car wired Android Auto can be upgraded to wireless Android Auto	
	Provide users with a more convenient driving experience	
Feature:	1.Plug and play, non-inductive connection, say goodbye to wired constraints	
	2.5.8GHz transmission rate, fast data transmission speed and low latency	
	3. Support OTA upgrade, online feedback, solve problems quickly	
	4.Continue the buttons, knobs and other operations of the original car	
	5.Compatible with the original car microphone, continue the original car sound quality	
CPU:	Allwinner V851	
Wifi Module:	AIC8800	
MFI:	MFI 3959	
Power Input:	5V±0.2V 1.0A	
Power Output:	DC 5V±0.2V 1.0A	
Power Consumption:	0.75W	
WiFi Frequency:	5150-5250MHz, 5725-5850MHz / 2412-2472MHz	
Bluetooth Version:	5.0	
Antenna:	3 dbi built-in FPC antenna	
Material:	ABS+PC	
Color:	Black	
Compatible Mobile	iPhone 6 and above, iOS 10 and above	
	Support phone with 5GHZ wifi or Android 11 or above, some Samsung and Google with Android 10.0 and Android 9.0	
Compatible Car:	Car with factory wired CarPlay or factory wired Android Auto	
Resolution:	Adaptive (maintain the original protocol resolution)	
Language:	Automatically switch according to the vehicle language environment	
Port:	LED light、USB port	
Packing List:	Product Size: 49*26*9mm, Carton Size: 372*372*235mm Packing Quantity: 200pcs/Carton	
	Color box size: 71*108*16mm With color box weight: 0.0488kg Carton Weight: 10.5kg	
Connection Hints:	1.Wireless connection 2.Wired connection
