

B. 1. Main Technical Parameters:

Paper Width	Gross width:310mm net width :297mm
Ream packing high	Max 55mm Min 45mm
Packing roll dia	Max.1000 mm :Min.200mm
Packing roll width	560mm
Packing sheets weight	70-100gm2
Packing sheets grade	high-grade copy paper, high-grade office paper, high-grade offset paper etc.
Design speed	Max 50 reams/min
Operation Speed	Max 35 reams/min
Packing condition	no speed variations, no breaks, cut all the paper at one time and qualified packing paper.
Driving	AC Servo Precision Control
Main power supply	3*380V/50HZ(or asrequired)
Voltage	220VAC/24V DC(or as required)
Power	18KW
Compressing air consumption	300NL/min
Air pressure	6bar
