

Capacity: T/H	18-28 (3.5 1 : 10 for normal broiler feed formula)
Main power KW	220/250/280
Power of screw feeder KW	2.2 (variable frequency)
Power of conditioner KW	11
Rotation speed of screw feeder rpm	12-120
Conditioner shaft rotation speed rpm	152
Ring die inner diameter mm	762
Ring die working width mm	210
Ring die linear velocity m/s	7.9
