Fidget toys, Bubble fidget toy and squeezesensory toy with liquid timer colorful and liquid motion timer for kids and adults

Product Description

Cheaper than a fish tank!
Watching the colorful droplets float around has the same mesmerizing and relaxing effect as watching fish swim back and forth in a tank...only way cheaper and without the constant maintenance!

STRESS RELIEVER! This colorful liquid timer is an excellent visual exciting which has a mesmerizing effect as you watch the bubbles and liquid travel down in slow motion for approximately 2 minutes. The oil droplets can even make the colorful wheels spin. Just flip this cool liquid motion timer over and start again until you are fully relaxed.

A MESMERIZING GIFT FOR THE LITTLES ONES! – Let your kids improve their visual awareness and tracking skills with an awesome Liquid Motion Bubbler that will keep kids entertained for hours at a time! Our bubblers work by letting gravity guide the colored droplets from top to bottom at a slow and steady speed!

THERAPEUTIC TOOL: The slow and rhythmic drops of this liquid hourglass timer have a very soothing effect and actually help kids and adults with sensory issues, making this a perfect sensory toys for kids with special needs, autism, and ADHD. Liquid bubble timer toy can also help fight anxiety, stress, and boredom.

FOR KIDS & ADULTS! This is one of the coolest relaxation toys for kids, teens, adults and seniors. This cool toy for sensory play provides an engaging opportunity to refine visual tracking skills with its rhythmic flow of bubbles. A therapeutic toy for autistic kids and those with sensory processing issues.
