

Product Parameters

TYPE	European Single Beam Overhead Crane
Capacity	1T 2T 3T 5T 10T 12.5T 16T 20T Customized
Span(main beam length)	7.5 meters to 38.5meters
Lifting Height	maximum lifting height 22 meters
Working Level	A3 A4 A5
Lifting Speed	5/0.8 m/min double speed OR Customized
Trolley running speed	0-20 m/min frequency conversion OR Customized
Cart running speed	20-30m/min frequency conversion OR Customized
Warranty time	24 MONTHS AFTER SHIPMENT
Lifting Motor	Squirrel cage 2-speed motor with Disc electromagnetic brake inside
Gear Motor	Hardened tooth gear for C.T.& L.T.
Surface preparation type	Shot Blasting Sa2.5
Painting Type/Depth	E/120μm
Electric Panel	Schneeider brand
Max./Min. Static Wheel Load	62.9/11.8 kN
Control Method	Remote control
Industrial Voltage	380V 50HZ 3P AC OR Customized
Working temperature	-25~40°C OR Customized
Application area	Factory,workshop,warehouse,power station,logistic,etc.
