

Aroma Humidifier

YJ-ARN-37

Product Parameter :

Product size: Diameter 92*162mm

Material: ABS/PP/silicone/glass

Working current: ≤ 1.2 A

Working voltage: 5V

Power: 6 W

Spray volume: 6-10 ml/h

Tank capacity: 100 ml

Packing list :

Host machine x 1PCS

USB charging cable x 1PCS

Manual x 1PCS

Functions instruction :

1. Remove the glass and open the tank lid. You only need to pour moderately tap water or mineral water into the tank, but please note that the water level cannot reach the limited height. Meanwhile, according to your preference, you can add 1-2 drops of essential oil to the water, then put the water tank and glass back.
2. Insert the USB cable into adapter and mainframe power socket.
3. Press the light button, then adjust the light, the color of the light as follows: Colorful Gradient $\rightarrow$ Colorful Fixing $\rightarrow$ Purple $\rightarrow$ Red $\rightarrow$ Blue $\rightarrow$ Light Blue $\rightarrow$ Green $\rightarrow$ White (RGB Full Bright) $\rightarrow$ Off $\rightarrow$ Colorful Gradient, and it cycles again and again. When the light is on, you should press and hold the light button for two seconds, and the light will be turned off.
4. Press the mist button, then it will open intermittent atomization function, it will continue 30 second, and then it will close 30 second. when you press the second times, it will open continuous atomization function. And when you press the third times, it will close the atomization function. And it will cycle again and again.
