

- Infrared forehead thermometer (**NON-CONTACT IT122**)
- Forehead, object and ambient temperature
- 2 temperature mode: °C and °F
- Backlight Led display , 1s fast measurement,
- Auto power off in 30s , 3 color backlights
- **Effective distance: 5-15cm**
- body temperature range: 32.0°C– 42.9°C(89.6°F~109.2°F),
 object temperature: 0°C– 118°C (32°F~244.4°F)
- Display resolution: 0.1°C、 0.1°F
- Accuracy : body $\pm 0.2^{\circ}\text{C}/0.4^{\circ}\text{F}$, object : $\pm 1.0^{\circ}\text{C}/1.8^{\circ}\text{F}$
- alarm function when reach 38°C
- Power Supply:Dc 3V 2 AA alkaline battery
- Memory: 32 sets ,
- Operation environment: 16°C~35°C, <=80% humidity
- storage Condition -25°C ~55 °C (-13°F ~131°F)
- Application : suitable to baby, child , adults
- **Certification: CE ISO**

Package:

1. Unit size:88*44*81mm
2. Unit weight:180g w/o battery
4. Giftbox size:125*195*80mm
5. Carton size: 630*420*400mm, 60pcs/ carton, G.W: 17kg
