

WEIYE WINDOWS & DOORS INTRODUCTION

Brand	WEIYE Windows & Doors		
Using Place	Indoor/Exterior		
Description	Profiles	Aluminium Profile	Building aluminum alloy doors and Windows profile, 6063-T5
		Surface	Wooden/Powder coated/Electrophoresis/Anodizing/Fluorocarbon Spraying
		Treatment	transfer,Fluoro carbon,Polished
		Color	Denmark White,France Champagne,Africa Gold, USA Oak,Jequitiba,Sweden Red Cherry,Africa Red Wood,Vietnam Pear,Thaliand Blue,Columbia Red Sandalwood,Placer Glod,Black,Grey,Blue, Customzied
Aluminium Composition	Ti,Mg,Si,Cu,Zn,Mn,Cr,Fe,Ni,Sn		
Brand of hardware	German brand(ROTO,HOPO,GU,SIEGENIA) or China top brand(JianLang, hehe,guoqiang)		
Classification of glass	Hollow glass,Craft for glass processes,Ice sculpture glass,Laminated glass,		
	Titanium mirror glass,Grid design,tempered glass		
Louver	Korea Hanshi electric-motor blinds,American CMECH magant blinds		
Package	EPE+Hard Paper,Wooden Crates,Foam Pads, Wood Plywood		
	Sealing strip, dow corning (antai, bai yun, zi jiang) glass glue,		
Other materials	Angle code		
Window screen	Optional window screen (nylon,stainless steel gauze)		
Standard	National Standard	GB-5237-2008,adopting high precision level	
	Interational Standard	ISO 9001 L International standardization production	
Production Advantage	1.Environmental-(Si-Mg aluminium,High anticorrosion performance)		
	2.Soundproof-(effective sound insulation,good air tightness)		
	3.Energy saving-(Low carbon, air tightness and water tightness is good)		
	4.Heat insulation-(Heat resistant, sunscreen, and good anticorrosive performance)		
Test result	1.water tightness 2000pa		
	2.restance of wind load 5.0 kpa		
	3.air permeability 0.75m³ (m.h)
