

Model No.	
T650	Steaming Media RearView Mirror Recorder
Product Picture	
Main Machine(balck)	
Rear Camera(3 types)	
Working Environment	
Vehicle working temperature	-20℃ ~ +70℃
Storage temperature	-40℃ ~ +80℃
Working humidity	Noncondensate suitation:5% ~ 95%RH
Operating voltage range	DC 5V~5.5V
System Parameters	
CPU	ARM Dual Core_600MHz 32-bit
Flash	SPI 128M-bit
Driving image security system parameters	
Viedo encoding	H.264 1080P@30fps+AHD720P@30fps
Operation System	Support ADAS algothim
COMS Sensor	JX-F22
Front camera lens	All glass 4G+IR ,F.NO 2.0, H=118°
Rear Camera lens	1MP,F.NO 1.8,HFOV=136°
Storage	Max support 128GB Micro SD card(class10)
Battery	Built in 500Am lithium polymer battery
Additional Function	Support file locked when collision
Display&TP	
LCD	9.88inch,pixels:400*1600,IPS full view
Touch Screen	5 point capacitive touch screen
Audio	
MIC	Electret MIC,omnibearing,sensitivity:-42dB
Speaker	4Ohm2W
Orientation&Sensor	
Orientation	GPS tracking
E-dog	Support active driving safety warning electronic dog
G-Sensor	3 axis g-sensor

Interface and Button	
TF Slot	1pcs(image storage card)
USB connector	2pcs MINI USB(power input + back lens)
Reset button	Hidden reset button
Function button	Shortly press for screen protection,Press for 5 seconds to restart the machine.
Features	
Full screen display	Streaming Video Rear View
Wide angle vision	Excellent night vision
ADAS:LDWS	Two channel&support front and back camera
Loop recording	Emergency recording
Parking monitor	Motion Detection
