Night Vision Expert

Model: SHR-PHLVR - Handheld Series

Features:

- ☑ With auto day/night switch, the camera can monitor 24/7
- ☑ High-resolution binocular display for better visual effects
- ☑ 32G high-capacity SD card storage, fully meet the needs of handheld devices
- ☑ High-performance digital processor with high efficiency H264 compression algorithm for clear, real-time, smooth
- ☑ USB cable Direct PC can export video, picture files
- ☑ With video, capture function, easy to real-time evidence
- ☑ Support local video, picture file playback
- ☑ Built-in 5200mA large capacity, rechargeable lithium battery, long working hours
- ☑ With no red lasers, hidden good

Technical data

Distance	Night vision	300m	
	Day vision	600m	
Cameras	Focal	f=47~94mm, 20x optical zoom	
	Sensor type	1.3MP, 1/3" SONY Progressive Scan CMOS	
	Resolution	1280 × 720	
	Lens control	auto focus	
Video code	Video & resolution	ASF	1280 × 720
	Picture & resolution	JPEG	1280 × 720
Display	Storage	32G	
Storage	Storage time	18 hours	
Interface	USB	General USB 2.0	
	Video output	1 line PAL	
Environment	Operate temperature	-10°C ~ +50°C	
	Storage temperature	-20°C ~ +65°C	
Power	Whole consumption	≤20w	
	Battery using time	3 hours laser on; 4 hours laser off	
	Power supply	lithium battery	
	Power	DC12V	
Physics	Weight	2kg	
	Installation	handheld
