Wire Saw Machine for Granite/Sandstone Quarry

1. Diamond Wire Saw Machine DWS-37/45/55AX-8PG for quarrying granite, sandstone
2. Also available for bridge, reinforced concrete and other construction cutting.
3. Electric controlled inverter that allows a variable linear speed of the wire 0m/s-40 m/s for marble cutting and 0m/s-30m/s for granite cutting
4. A new operating system makes all performance are stable and reliable.
5. Add a position-limit switch to make the main motor can only rotate + 180o.
6. A fault warning function is added to the control panel so that it becomes easier and save time to find out the faults.

◆ Reinforced Type for Granite/Sandstone

Model	Main Motor Power	Length of Wire (m)	Line Speed (m/s)	Remark
DWS-22AX-6PG	22KW	5-40	0-30	used for block cutting
DWS-37AX-8PG	37KW	20-80	0-30	used for quarrying
DWS-45AX-8PG	45KW	20-100	0-30	
DWS-55AX-8PG	55KW	20-120	0-30	
DWS-75AX-10PG	75KW	20-150	0-30
