

Tech specification

Driver unit: \varnothing 40mm
Frequency response: 20-20,000Hz
Sensitivity: 112DB \pm 3DB at 1KHZ
Impedance: 32 Ω
Bluetooth version:5.3
Chip: JL7006
Operation distance: \geq 10m
lithum battery: 200mAh with IC protection
Play time: 20Hours
Charging time: 3.7V 2 Hours
Charging port: Type C
Standby: 400 hours
Built in Aux mode
Bult in TF card music play mode
Multiple button: Sound up and down, music next and last, phone call, answer, reject, hangup
Compatible windows, Android smart phone, IOS iphone, ipad; table let PC, laptop
Package: gift box
