With its aspiration to supply the best game controllers, GameSir puts all its effort to inspire people with curiosity, passion for life and continuous self-challenge.

Working Platforms	Android/Windows/PS3
Working Modes	Android Standard/ Mouse Simulation/X-input/D-input/PS3
Connection Types	Bluetooth 4.0/2.4GHz/Wired connection
Cable Length	39.37inches(1.0m)
Charging Time	2H~3H
Working Distance	Approx. 275.59inches(7.0m)
Working Time	18H
Vibration Feedback	YES
Battery Type	Built-in Polymer Lithium Battery
Battery Capacity	600mAh
Charging Voltage	3.7V~5.2V
Charging Current	1A~2A
Working Current	40mA
Working Temperature	-20℃~65℃
Working Humidity	20%~80%
Masurement (inches)	6.30x4.09x2.32
Package MEAS.(inches)	7.36x4.80x3.07
N.W.(pounds)	0.42
G.W.(pounds)	0.87

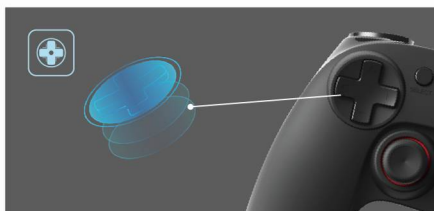

1. Auto-fire TURBO

Immerse yourself into the games without hesitation or pause.

4. Pressure sensitive D-pad
