

Specification parameters

Parameter categories	detailed information
model	PR-66A
voltage	DC-5V/1A
power	1.5W
coverage area	40-50m ³
The capacity of essential oils	5-20ml
material quality	PP+PBT + Acrylic
pigment; dyestuff	White, black, gray
control method	Tap the button
Nucleation principle	Second fluid atomization, cold spray air pump technology

net weight	260g
Power type	lithium cell
size	73*122mm
