

Specification

Outlook	Model	FDV3000 Fishing camera
 	Highlight	◆ 1 million pixel starlight infrared enhanced CMOS sensor
		◆ 4.3" TFT LCD(480*272)
		◆ Cable Length :20 meters,Bearing: 40 kg, waterproof:25 meters
		◆IP54 waterproof
		◆ 9 gears of display brightness adjustment, suitable for outdoor scenes with different brightness
		◆Two warm LED lights illuminate up to 3 meters away, which can attract fish
		◆Detachable fishing reel device, easy to reel in
		◆Camera underwater bracket support horizontal shooting after installation
		◆Equipped with a buoy to adjust the depth of the camera into the water
		◆support power bank
	Application	Underwater monitoring or fishing observation
	Photo resolution	1280x960;640x480
	Video resolution	720x480/30fps ;640x480/30fps
	Lens	EFL=2.3mm; F/NO=1.8;FOV160°
	Auto off	1min/3min/5min/OFF
	File format	JPG/AVI
	Storage	Support Max 32G TF card
	Fishing cable	Length :20 meters,Bearing 40 kg
	Fill light	Two warm LED lights illuminate up to 3 meters away, which can attract fish
	Digital zoom	4x digital zoom
	Power source	3.7V /4000mah li-ion battery,support power bank
	Standby time	12 months
	Waterproof	Monitor: IP54,camera:25m waterproof
	Operating temperature	-40℃ to +60℃
	Accessories	USB cable, maual,Camera underwater bracket
