

Model No: L8C+Station		Specificaitons	
		1. 360° detection Laser radar, LDS + SLAM algorithm, Real-time map 2. Wifi and Tuya App remote control, support sharing device. 3. Brushless big motor with 5000pa strong suction 4. Li-ion cylindrical rechargeable battery 2600mAh or 3200mAh, 3500mAH 5. Vacuum, sweeping & mopping(Support 2in1 electric water tank) 6. With Sensors for anti-falling, anti-collision and obstacle avoiding, speed sensor etc. 7. With Auto Clean,Auto Patition,Room Clean,Area Clean,Spot Clean etc. 8. Scheduling/time set-up function 9. Increase press for carpet operation, clean more thoroughly 10. Equip with infrared sensor to indentify the wall 11. Auto recharging, breakpoint continual cleaning 12. Virtual wall,to set a restricted area with mobile app 13. OTA service,update the software with mobile app 14. Share the device and control with family member 15. Multiple languages voice prompt could be changed online 16. With Multipul maps to match different floor 17. With dust collector function,capacity 4L 18.Optional rubber brush for effective treatment of hair entanglement and	
Standard Accessories	Charging and dust collection station	1PC	
	Dust bag	N	
	Charger	1	
	Hair main brush	1PC	
	Side brush	1PC	
	MOP	N	
	HEPA Filter	N	
	Cleaning tool	N	
	User Manual	1PC	
Robot Parameters	Qucik Start Guiadance	1	
	Materials	Plastic+metal	
	Robot Size	330*93mm	
	whole size (robot with self-empty station)	400*410*340MM	
	40 HQ	1100 units	
	Robot Weight	3KG	
	Battery Capacity	2600mAh or 3200mAh	
	Dust bin Capacity	300mL	
	Water tank capacity	350mL	
	Filter system	2 layers	
	Climb ability	18mm	
	Suction power	5000Pa	
	lidar cover sensor	option	
station parameter	Noise Level	67dB	
	Charging time	4H	
	dust bag capacity	4L	
	Working time	90minutes in the default mode	
	Cleaning mode	Auto, Zig-zag, Spot, Edge, Self define area, Deep clean, Forbidden area, multiple maps	
	Charing mode	Auto charging/Manual charge	
	Voice attempt	Yes	
	station size	L330*W153*H260 mm	
	station capacity	4L	
	wet shell	option
