

Name	Model	ex-factory price (USD)	MOQ	appearance	Parameter	Functional selling points
Microphone Speaker	MS6K	39.31	1000		<p>Output power: 50W Frequency response range: 50Hz~18.5KHz Distortion degree:&lt; 0.55%</p> <p>Signal to noise ratio: ≥ 70db</p> <p>Maximum Expansion: 32GB Supported formats: MP3/WMA/WMV Built in power supply: Lithium battery DC-3.7V/8000mAh dual microphone Play duration: 6-8 hours (depending on volume level) Bluetooth specifications: Bluetooth V5.0</p>	<p>Function Introduction: Portable Karaoke Small volume, high power Huancai Lantern Insert card, insert U to play TYPE-C interface</p>
Microphone Speaker	MS7K	55.45	1000		<p>Output power: 70W Frequency response range: 60Hz~18.5Hz Distortion: 1%</p> <p>Signal to noise ratio: ≥ 70db</p> <p>Maximum Expansion: 32GB Supported formats: MP3/WMA/WMV Built in power supply: Lithium battery DC-5V/8000mAh Play duration: 4-6 hours (depending on volume level) Bluetooth specifications: Bluetooth V5.0</p> <p>Transmission distance: ≤ 10M (depending on the usage environment)</p>	<p>Function Introduction: high-power Huancai Lantern Guitar interface Insert card, insert U to play TYPE-C interface</p>
Microphone Speaker	MS10K	77.31	1000		<p>Output power: 120W Frequency response range: 50Hz~18.5KHz Distortion degree:&lt; 0.55%</p> <p>Signal to noise ratio: ≥ 70db</p> <p>Maximum Expansion: 32GB Supported formats: MP3, WMA, WAV, APE, FLAC Built in power supply: Lithium battery DC-3.7V/12000mAh Play duration: 4-6 hours (depending on volume level) Bluetooth specifications: Bluetooth V5.0</p> <p>Transmission distance: ≥ 10M (depending on the usage environment)</p>	<p>Real three-way audio quality is beautiful Bluetooth wireless audio Insert card, insert U to play instrument playback interface Live streaming interface TYPE-C interface</p>
Microphone Speaker	MS12K	50.00	1000		<p>Output power: 80W Frequency response range: 50Hz~18.5KHz Distortion degree:&lt; 0.55%</p> <p>Signal to noise ratio: ≥ 70db</p> <p>Maximum Expansion: 32GB Supported formats: MP3, WMA, WAV, APE, FLAC Built in power supply: Lithium battery DC-3.7V/12000mAh Play duration: 4-6 hours (depending on volume level) Bluetooth specifications: Bluetooth V5.0</p> <p>Transmission distance: ≥ 10M (depending on the usage environment)</p>	<p>Bluetooth wireless audio Insert card, insert U to play instrument playback interface TYPE-C interface</p>
Microphone Speaker	MS13KS	102.52	1000		<p>Output power: 150W Frequency response range: 60Hz~18.5KHz Distortion degree:&lt; 0.55%</p> <p>Signal to noise ratio: ≥ 70db</p> <p>Maximum Expansion: 32GB Supported formats: MP3, WMA, WAV, APE, FLAC Built in power supply: lithium battery DC-3.7V/18000mAh Play duration: 4-6 hours (depending on volume level) Bluetooth specifications: Bluetooth V5.0</p> <p>Transmission distance: ≥ 10M (depending on the usage environment)</p>	<p>Bluetooth wireless audio Insert card, insert U to play instrument playback interface Live streaming interface TYPE-C interface</p>

Microphone Speaker	TQ53	45.00	1000		<p>Power: Rated 60W  Size: 241 * 169 * 122MM  Microphone: Wireless rechargeable microphone  Battery: Lithium ion cylindrical battery 7.4V/5100mAh  Speaker unit: 3-inch bass * 1, 1-inch silk film treble * 1  Features: Large capacity lithium battery for extended battery life, rechargeable wireless microphone, professional grade DSP reverberation effect</p>	<ol style="list-style-type: none"> <li>1. Bluetooth not connected: Bluetooth indicator light flashes rapidly</li> <li>2. Bluetooth connected: Bluetooth indicator light is constantly on</li> <li>3. Playing music: The Bluetooth indicator light is constantly on.</li> <li>4. Pause music: The Bluetooth indicator light is constantly on.</li> <li>5. Playing music: The mode indicator light is constantly on.</li> <li>6. Pause music: The mode indicator light is constantly on.</li> </ol>
Microphone Speaker	TQ55	55.00	1000		<p>Power: Rated 120W  Size: 307 * 197 * 179MM  Microphone: Wireless rechargeable microphone  Battery: Lithium ion cylindrical battery 7.4V/7800mAh  Speaker unit: 4-inch bass * 1, 1-inch silk film treble * 2  Functional features: 5 types of LED ambient lighting effects, large capacity lithium battery with long battery life, rechargeable wireless microphone, professional grade DSP reverberation effect, 6.35 independent instrument interface</p>	//
Microphone Speaker	ML35	56.00	1000		<p>Power: Rated 100W  Size: 332 * 190 * 190MM  Microphone: Wireless rechargeable microphone  Battery: Lithium ion cylindrical battery 7.4V, 6000mAh  Speaker unit: 5.25-inch subwoofer * 1+2.75-inch full range speaker * 2  Features: 5 types of LED ambient lighting effects, IPX4 waterproof level, true wireless TWS function, large capacity lithium battery with ultra long battery life, 6.35 independent instrument interface</p>	//
Microphone Speaker	MSSK	94.18	1000		<p>Output power: 60W  Frequency response range: 60Hz~1800Hz  Distortion degree: &lt; 1%</p> <p>Signal to noise ratio: ≥ 70db</p> <p>Maximum Expansion: 32GB  Supported formats: MP3/WMA/WMV  No built-in battery  Bluetooth specifications: Bluetooth V5.0</p> <p>Bluetooth transmission distance: ≥ 10M (depending on the usage environment)</p>	Three major functions of mobile home theater: watching movies, singing karaoke, and listening to music
