

US standard smart socket specifications	
product type	smart plug
Number of jacks	US standard 3 holes
Input voltage	100-250V
Maximum power	1100W
Rated voltage	110V
Maximum load current	10A
WIFI	support 2.4GHz, 802.11b/g/n
AC working frequency	50~60Hz
Ambient temperature	-40℃-80℃
Standby temperature	35℃
Operating temperature	35-55℃
Product Size	54*50.8mm
Design	Round design, pure white design
Material requirements	PC fireproof material V0
product weight	79.5g
packing list	Socket x1+ manual x1
other functions	remote control

physical dimension (mm)
