

ORANGE AROMA HUMIDIFIER

YJ-ARN-13

Technical Parameters

Product size : 130*130*104mm

Operating current : < 500mA

Operating voltage : AC 100-220V

Voltage : DC 24V

Power consumption : 10W

Spraying capacity : 30ml-35ml/h

Water tank capacity : 300ml

Package contents : Orange aroma humidifier x 1PC

AC-DC power adapter x1PCS

Operating manual x 1PCS

Functions Instruction:

Notice :

- 1) The product should use the right supply power supply .
- 2) Do not put oil or insoluble liquid into the dissolving device.
- 3) Water soluble perfume must be diluted by more than 500 times before it is added to the dissolving device .
- 4) Do not use the product when your skin is injured.
- 5) Do not add water from the mist outlet.
- 6) There is a slight difference in spray concentration between individual products, which is a normal phenomenon. Different types of water, humidity, air temperature and wind will have an impact on the misting effect.
- 7) No corrosive liquid is allowed to use in this machine, otherwise it will damage the product.
- 8) If the machine is not in use for a long time, please unplug the power cord, pour out the remaining water, clean up the residual water stains inside and outside the machine, and store it in a dry environment.
- 9) Do not modify or disassemble the product privately. If you need to repair it, please contact the Sales Department of the product , where professional technicians will repair the product for you.
- 10) Do not intentionally break, twist or stretch the power cord. Do not put the power cord in places with high temperature. Do not press or clip the power cord with heavy weights.
- 11) To ensure hygiene, the remaining water must be poured out of the water cup after each use, and then the water cup should be rinsed off and the machine surface should be wiped clean with a soft cloth.
- 12) Do not spray the mist directly on furniture, clothing or walls.
- 13) Do not use the machine in direct sunlight. Do not use it near air conditioners, fans or environments of high temperature. Do not use it near home appliances (such as televisions, speakers, etc.).
- 14) Do not cover the mist outlet of the product, which may cause damage to the product due to the water inside.
- 15) This product is only suitable for tap water or mineral water.
- 16) This product should be put in places out of children's reach. Teach children properly so that they will not use the product as a toy.
- 17) Do not spray the mist directly to the eyes
