

Technical Specifications	
Product size	130*130*150mm
Color box size	155*165*165mm
Net weight	0.45kg
Gross weight	0.5kg
Rated voltage	DC5V
Rated power	10W
Material	Shell: PP+ABS, light transmission, Anti-corrosion PP water tank
Ultrasonic vibrations	2.5 million/s
Atomization Level	Two
Atomization frequency	2.4MHz

Characteristic:

1. Shell: PP+ABS, light transmission
2. Water tank: anti-corrosion PP material, can be added with essential oil
3. Atomization: strong fog and weak fog, two adjustment
4. Lighting: two brightness can be adjusted
