## Tractors Quotation

### 1. Introduction

#### ● Model: LT404 With CE

- Adopt Xinchai engine, good reliability, large reserves of torque, low fuel consumption, high economic efficiency;
- 10-inch double-acting clutch, high transmission capacity, reliable, comfortable manipulation;
- Gearbox using 4 × 3(1 +1) engaging sleeve, shuttle-action gear change , there are 12 forward gears, 12 reverse gears, reasonable match between the gears, and have high efficiency;
- Using an independent power output device, smooth transmission, large capacity, speed (540/760, 540/1000 rev / min) for selection to meet the complex operational requirements;
- Using an independent circuit of hydraulic steering control system, manipulating flexible, reliable, and save energy;
- Using disc brakes, a large braking torque, the braking effect is good;
- Using extreme pressure type lifter, reliable, easy maintenance;
- Final drive with planetary gear mechanism, compact structure, large reduction ratio;
- The new streamlined appearance, generous, modern, fashion;
- Optional side-mounted joystick, more convenient and comfortable.
