

ESSENTIAL

SPECIFICATIONS

Capacity	: 7500mAh
Cell type	: High Power Lithium Battery
Micro USB Input	: DC 5V/2A
USB Output	: DC 5V/2.1A
Output Port	: 12V 400A(Peak Current)
Size	: 143x78x25mm
Weight	: 290g

12V
Vehicle

4.0L
Gas

2.6L
Diesel

APPLICABLE DEVICES

Starting recreational vehicles, boats, cars, other mobile device
Multiple safety protection design ensure jump starter zero defect
Lighting, SOS signal, warning, and danger light
The smallest and lightest portable multi-function jump starter with
patented technology in the current market
