## LW31 [APP: OnWear]

### Hardware Parameter

|                  |                                |
|------------------|--------------------------------|
| Dimension(mm)    | 45.5*37.8*10                   |
| CPU              | RTL8762CK                      |
| Memory           | 64MB                           |
| Display          | 1.70" 240*280                  |
| Touch screen     | Capacitive full touch screen   |
| Hear rate sensor | VC32S                          |
| Pedometer        | ST-2DB                         |
| Bluetooth        | BT5.0                          |
| Watch body       | Zinc Alloy                     |
| Back shell       | Plastice                       |
| Watch band       | Silicon                        |
| Battery          | 260mAh polymer lithium battery |
|                  | Stanby time>>20days            |
|                  | Use time>10days                |
| Button           | 1 power button                 |
| Charging type    | Magnetic charging              |
| Water resistance | IP68                           |
| Motor            | Yes                            |

### Function Parameter

|                          |                                                                                                                  |
|--------------------------|------------------------------------------------------------------------------------------------------------------|
| Andiord compatibility    | android 5.0 and above                                                                                            |
| IOS compatibility        | iOS 10.0 and above                                                                                               |
| Pedometer/Calorie        | YES                                                                                                              |
| Sleep monitoring         | YES                                                                                                              |
| Blood oxygen detection   | YES,Red optical heart rate sensor                                                                                |
| Blood pressure detection | YES, green optical heart rate sen                                                                                |
| Hear rate monitoring     | YES,reen optical heart rate sensor                                                                               |
| Alarm clock              | YES                                                                                                              |
