

TK7 Smart Ring Specifications

  	Basic Parameters	Product Type	Smart Ring (Heart Rate Monitoring, Blood Oxygen Monitoring, Blood Pressure Monitoring, Step Counting, Exercise, Remote Care)			
		Product Features	Exercise, Sleep, Heart Rate, Blood Pressure, Blood Oxygen, Remote Care			
		Casing Material & Color	Outer Surface Material: Stainless Steel Main Body Material: Epoxy Resin			
		Compatible Systems	Android 5.0 and above; HarmonyOS; iOS 10.0 and above			
	Hardware Configuration	CPU	JieLi AC6323A4			
		Storage Capacity	It is recommended to connect to the app daily and sync data. The ring can store up to 15 days of data, depending on usage type and frequency.			
		Heart Rate Sensor	Goodix GH3018			
		Battery Capacity	15-20mAh			
		Battery Life	Approximately 3 days with Bluetooth connected, depending on usage frequency.			
		Charging Method	Standard magnetic charging cable (USB rated 5V), charging case optional.			
		Light Sensor	LED in the visible color range, safe and user-friendly.			
		Connection Method	Bluetooth 5.0 Low Energy			
		Ring Width	7mm			
		Product Weight	Approximately 5.0 grams			
		Software Update	Updatable via software application.			
	Interface Configuration	Waterproof Rating	5ATM+IP68			
		Charging Interface	Magnetic charging with short-circuit protection.			
	Key Features	Charging Time	Approximately 1 hour.			
Exercise Monitoring		Sleep Monitoring	Multiple exercise modes	Heart Rate Monitoring		
Blood Oxygen Monitoring						
Supported Languages	APP:Russian, Hungarian, Turkish, German, Italian, Czech, Slovak, Japanese, French, Polish, Persian, Simplified Chinese, Traditional Chinese, English, Portuguese, Spanish, Vietnamese, Arabic, Korean, Thai; 20 languages.					
Colors	Black					
	Package Contents	Ring, Magnetic Charging Cable, User Manual, QC Label, Packaging Box
