U5

- 1) Operating frequency range: 2.40GHz-2.48GHz
- 2) Bluetooth V4.1
- 3) Fashion flat line design
- 4) support the music format of APT-X
- 5) Range of wireless connection: 10-15 meters
- 6) Embedded with a 120mA Polymer Battery
- 7) Talk time: 10 hours;
- 8) Stand-by time: 20 days
- 9) Ultrasonic technology
- 10) Adopt 2 Knowles silicon microphone to reduce the noise
- 11) 170 High TG PCB boards, design of hidden hole
- 12) 24 bit high precision detective IC
- 13) ESD Static design
- 14) 4 LED lights indication
- 15) using 32Ω speaker
- 16) Support SIRI voice function
- 17) with the design of independent EPC antenna
- 18) HI-FI sound quality
