

Inspection equipment: 2D CMM, 3D CMM etc.

100% Quality Assured

100% Customer Satisfaction

Materials: most of the machinable metal and plastic materials.

Aluminum alloy: 6060, 6061, 6063, 7075, 5052

Brass, Bronze, Copper, Titanium

Steel: 1010, 1018, 1020, 1045, 12L14, 12L15, 4140, 4130, 42CrMo

Stainless steel: 303, 304, 316, 316L,

Plastics: ABS, POM, Delrin, Nylon, HDPE, Polypropylene, PET, PTFE, PVC, Teflon

Secondary operation: Deburring, Drilling, Tapping, Bead blasting, Sand Blasting, Anodizing, Hard anodizing, Black Oxidation, Plating, Passivation, Polishing, Centerless Grinding, Heat Treating, Salt Spray Testing, Painting, Powder Coating, Screen Printing, Ultrasonic Cleaning, Spot Welding, Riveting, laser marking, assembly and so on.
