

Manufacturing Leather Cases Since 1999

Chun Lam Group (International) Limited was established in 1999 and it integrates the design and manufacture of leather cases. Our main products include mobile phone cases, handbags, wallets and laptop cases, Bluetooth Headsets, TWS, and other mobile phone accessories. Most of our products are delivered to countries worldwide. Sales revenue of last year has reached over 12 million USD.

Having A Strong Manufacturing Capability

Our 15,000-square-meter factory houses over 1,000 staff including over 30 designers and technicians. Our 30 QC experts ensure our products' quality. Besides, we source advanced production machines from Japan. We won our overseas clients with high-quality products and reasonable prices.

Wide Usage of Products

We are devoted to the design, development, and manufacture of packages using synthetic materials such as PVC, PET, and PP. Our products are widely used in packaging electronics, toys, hardware, and daily necessities.

Developing New Products Every Quarter

Our 20 engineers will release new products every quarter. We can complete the sample with your specifications within 30 days. We have 100 production lines. As such, our monthly output is 5 million pieces.
