## EQUIPMENT PARAMETERS

### Specifications

Dimensions (mm)	950x630x1445
Net weight (kg)	110
Main materials	Main body alloy frame, ABS shell
Protection grade	IPX5 (prevent rainstorm)
Maximum obstacle-surmounting height (mm)	50
Maximum span width (mm)	150
Gradient capability (°)	15
Maximum wading depth (mm)	100
Radius of turning circle (m)	1 (Support turning in place)
Charge method	Automatic/manual charging
Endurance (h)	≥7
Charging time (h)	≤3
