COMPANY PROFILE

Ningbo Rison is one of the leaders for disposable food and beverage packaging products manufacturer in China, covers an area of more than 6,000 square meters, with 10 years of export experience to Europe, America and the Middle East and 3 years of sales at the domestic e-commerce platform. Our company is located in Ningbo Zhejiang Industrial Zone. Since its establishment, Rison has been committed to designing, developing, producing and selling disposable food packaging products, and we always uphold the business philosophy of "high quality, professional, environmental protection", adhering to the principle of quality first by unremittingly meeting customer's requirements.

At present, our company mainly produces environmental- friendly packaging products, as well as traditional items, such as paper cups, paper lunch boxes, paper salad bowls, paper soup cups, paper hamburger boxes, disposable meal bags, plastic cups and lids, and plastic containers of all sorts. Prevailed with the environmental protection concept, Rison nowadays pays more attention on bio-degradable and compostable products to make its contribution to a low-carbon and circulatory economy. All of our food packing products meet the most stringent quality standards. They are certified by BRC ,SGS, FDA, EU, ISO for food grade requirements.
