

M11 Parameters

black /White	Bluetooth solution/chip model	JL7006 ANC+ENC
	Bluetooth version	Bluetooth V5.3
	Supporting agreement	L2CAP/A2DP1.2(AVCTP1.3/AVDTP1.2/AVRCP1.
	Main body material/surface treatment process	Charging compartment ABS high gloss/headphone ABS high gloss
	Support functions (fill in details)	Click to play/pause, double-click to increase or decrease volume, and triple-click to play up or down. Four-click game mode; long press left ear for 1.5 seconds siri. Noise reduction function: long press the right ear. ANC noise reduction, really transparent.
	Noise reduction depth/range	ENC+ANC noise reduction, -30dB noise reduction depth
	Transmission distance	10-15 meters
	Speaker material/specification	Composite film speaker/13mm/32Ω
	Frequency response range	20HZ-20KHZ
	Charging interface	TYPE-C
	Charging voltage/current/time	5V/1A/1.5 hours
	Headphone battery material/specifications/capacity	Polymer pure cobalt battery/501012/40mAh
	Charging bin battery material/specification/capacity	Polymer lithium battery/701230/250mAh
	Music play time (100% volume)	7-8 hours
	Standby time	120 hours
	Product weight	46.45g
	Certification	CE,ROHS
