

Description	K201 Medium-Area Aroma Machine ,Scent Coverage 2000M ³ space , 4 working time period, adjustable fragrance concentration. this diffuser is very stable, easy operation and maintenance. It could scent cover 2000 cubic meter place by Connecting to HVAC (Heating, Ventilation and Air Conditioning) System,	
Applicable Place	Hotel Lobby, Large Exhibition Hall, Supermarket, Wedding Dress Shop ,Photography Gallery, Hotel, Automobile Sales Service Shop 4S, Office Building, The Sales Department, Cinema & Theater, Kinds of places where provided air conditioning system.	
Parameter	Model	K201
	Product Size	W220*D140*H330mm (square)
	Package Size	W300*D200*H400mm
	Voltage	220V
	Power	22W
	Noise Level	<50dba
	Weight	6.3kg
	Net Weight	5.1kg
	Suitable Coverage	2000M ³
	Oil consumption	3ml/h±5%(Continual Working / Hour)
	Color	Black
Item Details	1、 Strength corrosion preventive solid painted metal outer	
	2、 The PCB (Printed circuit board) control, it could set 4 timer period in24-hours system, which day to work in a week (Beijing time) Fragrance Concentration could be adjustable by setting the expanding work time, work& off period from 10sec-300sec	
	3、 Smart& safe on-off of power jack, switch, fuse wire.	
	4、 Japan long-life compressed air pump ,works up to 8000 hours	
	5、 Φ16mm Connecting Pipe Socket	
	6、 Key & Lock	
	7、 500ml Essential Oil Aluminum Bottle	
	8、 Shocked Resistance Mat	
Supported Parts	1、 Power Wire	
	2、 1500mm length Φ 16mm special use corrosion preventive plastic pipe	
	3、 Key	
	4、 Plastic Mist Atomizer	
	5、 Instruction Manual
