

Description	RS2500 Super-Large-Area Aroma Machine ,split type design, multiple controlling two mist Atomizers. Two out-put essential oil bottles ,it’ s much more convenient in maintenance and refilling oils. scent coverage goes more than 10000 m ³ by connecting to HVAC System.	
Applicable Place	Hotel Lobby, Large Exhibition Hall, Supermarket, Wedding Dress Shop ,Photography Gallery, Hotel, Automobile Sales Service Shop 4S, Office Building, The Sales Department, Cinema & Theater, Kinds of places where provided air conditioning system.	
Parameter	Model	RS2500
	Product Size	W340*D160*H190mm
	Package Size	
	Voltage	220V
	Power	60W
	Noise Level	<56dba
	Weight	11.3 kg
	Net Weight	
	Suitable Coverage	10000 m ³
	Oil Consumption	12ml/h±5%(Continual Working /Hour)
	Color	Blue
Item Details	1、 Strength corrosion preventive solid painted metal surface	
	2、 PCB control, adjustable working time in 24 hours, work days in week, also the fragrance concentration as needs.	
	3、 Smart& safe on-off of power jack, switch, fuse wire.	
	4、 Japan long-life compressed air pump, works up to 8000 hours	
	5、 Φ 16mm special use corrosion preventive plastic pipe	
	6、 External type mist atomization device	
	7、 500ml PET Essential Oil Bottle	
	8、 Aluminum Accurate Atomizer	
	9、 Shocked Resistance Mat	
Supported Parts	1、 Power Wire	
	2、 Two 1500 mm length Φ 16mm special use corrosion preventive plastic pipes	
	3、 Two External Type Mist Atomization Device	
	4、 Instruction Manual
