

Hardware configuration	Configuration parameters
CPU	Intel Core i7-1355U, ten cores and twelve threads. Highest turbo frequency: 5GHz
LCD monitor	15.6 inches, 1920*1080
Graphics Card	Intel Iris Xe Graphics /NVIDIA GeForce MX450
Memory	DDR4 3200MHz (supports DDR4-8G/16G/32G/64G)
harddisk	M.2/PCI-E SSD,
Bluetooth	4.2 Bluetooth
network	802.11 b/g/n wi-fi+BT
keyboard	96-key chocolate (relief) keyboard (with small numeric keyboard), 3-speed light-changing colorful backlit keyboard
TRACK PAD Touchpad	Single finger touch + left and right buttons + fingerprint unlock
I/O ports	USB3.0x3 TF interface*1 Full-function Type-c headphone microphone 2-in-1x1; HDMIx1; DCx1; RJ45 network port
Housing material	Aluminum alloy
Camera	Front 100W camera
Battery	5000mAh/11.4V (battery life is about 3~4 hours)
Battery life instructions	Battery working hours may be affected by the following factors: the number of battery charge and discharge times, operating system, LCD display brightness settings, application programs (especially video playback, games, etc.), and power management settings. Generally, the battery life of a laptop computer is limited, and the battery performance and usage time will decrease with the increase in the number of uses. This normal battery loss is a normal
Power adapter	19V3.78A
size	约358mm*238mm*18mm (薄处9mm) 含包装尺寸: 430*85*310mm 整箱5台包装尺寸: 450*450*320MM。
weight	Bare Metal 1.75KG
operating system	Support win10, win11
Application scenarios	Main selling points: 15.6-inch micro-bezel full screen, high-definition screen, wide field of view, easy to control with large trackpad, full-size keyboard, and multiple hard disk combination packages available. There is no problem with office Internet
Color selection	Space gray
Memory slot	4G*1 motherboard BGA patch dual channel
Hard disk interface	Single interface
Refresh rate	60Hz
Optical drive	none
WLAN	have
