

HDMI 2.0 Type A to D Detachable Active Optical Cable

TMDS signal,100m transmission distance, no signal attenuation, anti-EMI

micro HDMI connector

HDMI type D Connector

Applies to the all Micro HDMI device.
Such as:
Digital camera, video camera, DV camera, MP4, portable cameras and so on

TO Connect the HDTV, Projector and player

Support all Micro HDMI connector devices
Like: Gopro camera series
Acer A500/W500
lenovo PAD S2005

18Gbps	HDCP2.2	4:4:4	ARC
Name	HDMI 2.0 Type A to D Detachable Active Optical Cable		
Model No.	GQ-19-301		
Resolution	4K@60Hz 4K*2K@60Hz		
Bandwidth	18Gbps		
Chip	Imported photoelectric conversion chip		
Color space	4:4:4 Max		
Color depth	12 bit Max		
Type	Type A - D Detachable		
Core	4-core fiber + 7-core tinned copper		
Outer diameter	5.2mm		
Shell	Zinc alloy		
Jacket	PVC, RoHS Directive-compliant		
Power supply	No external power supply required, plug and play		
Support	HDCP 2.2/HDR/EDID/CEC/DDC/ARC		
Power consumption.	250mW		
Advantage	A and D connector can be Detachable(one cable two purposes)		
Working temperature	-40℃~70℃
