

Freego Super Mini

2-Wheeled Self-balancing Electric Scooter

Model No.: W1

Feature:

Color optional: White,red,blue,green

1 hour charging to go 20KM

Lithium-ion battery

Specifications:

| | | |
|---------------|-----------------------------------|-------------------------|
| Description | Green product (Electric, healthy) | |
| | No pollution and zero consumption | |
| | CE, FCC and RoHS certification | |
| Specification | Net weight | 10 kg |
| | Working temperature | -10°—50° |
| | Max Cruise speed | 10 km/h |
| | Max load | 100 kg |
| | Max mileage | 10 km |
| | Max climbing angles | 20° |
| | Min turning radius | 0° |
| | Power | 500W—800W |
| | Charging time | 1--2hour |
| | Range per charge | 20—30km |
| | Charging Requirements | 100-240V50\60hz |
| | Motor power | 350w*2 |
| | Dimension | 584*186*178 |
| | Pedal Hight | 110mm |
| | Tyre size | 170mm |
| | Chassis clearance | 30mm |
| | Tire type | Hollow inflatable tires |
| | Li-ion battery | 36V, 4.4AH |
| | Storage temperature | (-20°—50°) |
| | Charging temperature | (-15°—50°) |
| | The use of temperature | (-15°—50°) |
| | Waterproof and dustproof level | IP54 |
| | Distance | 15—20km |

Competitive Advantage/Main Feature:

1. Color: blue. Customized colors are accepted when you order more than 50pcs
2. High efficiency, low consumption, safe and convenient.
3. Small size, light weight, portable
4. High quality and fidelity
5. Outstanding consulting and after-sales service
6. Waterproof design IP54
8. Smart and easy to operate
9. 1 Year warranty
