

Vickers Foton Tuyano CZZD Model B camping RV					
Item	Argument		Entry	Argument	
Body size (mm)	5495*2000*2445		Body structure	Light passenger car	
Engine	2.0T .150 HP. L4		Vehicle warranty	Three years or 60,000 kilometers	
Energy type	Diesel oil		Appearance color	White, black, light gray, dark gray, etc	
Environmental protection standard	Kokuroku		Wheelbase [mm]	3350	
Maximum power/maximum High torque.	110kW/330N·m		Door opening mode	Flat door + side sliding door	
Tank volume	80		Number of doors	5	
Standard item					
Entry	Part name	specification	item	Part name	specificatio
External configuration	External shower		Internal configuration	Interior foreground light	
	E0 class furniture board	Sauna board 2470*1470		cabinet	
	Moisture-proof interior trim	SQRL884-1220*2440		wall cupboard	5
	External water inlet			mattress	sponge
	External charging port			curtain	
Circuit system	Induction cooker	800W	Waterway system	Pull the table	
	icebox	50L		Wash basin	
	Reading light			cistern	60L
	socket	2		Water meter	Food grade RV The waterway
	Interior ambient light	Light belt, light slot		Water pump	
	Lead-acid battery	12V/200AH	Engine	Water level gauge	
	Variable frequency air conditioner	12V		Engine type	4F20TC3
	inverter	3000W		Displacement [mL]	1968
	Electric water heater	10L		Displacement [L]	2
	In-service charging			Intake form	turbo-charging
gearbox	Down light	White light 25		Engine layout	Place sth. vertically
	Transmission description	6-speed manual		Cylinder arrangement	L
	Transmission type	Manual (MT)		Number of cylinders [PCS]	4
Chassis steering	Shift number	6		Valve per cylinder [number]	4
	Driving form	front-rear-drive		Valve mechanism	DOHC
	Bus front suspension type	McPherson type independent suspension leaf spring is not independent suspension		Maximum power [kW]	110
	Type of bus rear suspension	frame		Maximum horsepower [Ps]	150
	Assist type	Mechanical hydraulic power assist		Maximum power speed [rpm]	3500
Wheel braking	Car body structure	self-supporting		Maximum torque [N ·m]	330
	Front brake type	Ventilated disk type		Maximum torque speed [rpm]	1600-2800
	Rear brake type	Drum type		Fuel oil label	zero
	Parking brake type	handbrake		Oil supply mode	Direct injection
	Tyre specification	215/75R16		Cylinder head material	Combination gold
Active safety	ABS anti-lock		Lighting function	Cylinder block material	Cast iron
	Braking force distribution (EBD/CBC, etc.)			Environmental protection standard	Kingdom Six
	Brake assist (BA/EBA/BAS, etc.)			Low light source	
	Car gravity control (ASR/TCS/TRC and other body			High beam light source	
	Seat belt not fastened reminder	Chief driver		LED daytime running lights	
Passive safety	Main pilot airbag			Headlight function	
	Passenger airbag			Steering auxiliary light	
	First row side airbags.			Front fog lamp	
	Second row side airbags		Other configuration	Interior ambient light	
	Side safety air curtain			Headlight cleaning device	
	Breath in the knees			Seat material	Leather + woven fabric
	Child seat connector				
	Low air protection tire
