

Specification

Product Name	240W USB4.0 USB C to C Cable with Smart Screen	Image	
Model NO	MN-UC240W-8K -DLC		
Version	Type-C		
Cable Type	USB4.0 fast charging protoco		

NO	Detail		
1	Feature	Port	USB-C to USB-CE-marker Chipset
2		Video output	8K60HZ and 4K120HZ
3		OUTPUT	240W
		Bandwidth	40Gbs
		Charging display	Support
5		LED Light	Supports LED lights to light up when charging
		Thunderbolt 4	support connecto USB、DisplayPort、PCIe and so on device.
6	Housing	Material	Aluminum alloy
7		Color	black with braided
8		Size	1.0M
9		Compatibility	All types of Type-C devices,such as laptops,tablets,mobile phones,game consoles,headphones
10	Function		<p>240W Ultra-Fast Charging: Supports USB4.0 protocol for broad compatibility and efficient power delivery.</p> <p>Real-Time TFT Color Screen: Dynamically displays voltage, current, power, and charging status for clear operational feedback.</p> <p>Embedded E-maker chip intelligently matches device power to prevent overloading and overheating.</p> <p>Coaxial material : it make cable be more soft , high Anti-interference capability ,High electrical performance</p> <p>Cable detail: OD4.2 34#X8Coax+1P34#+4C32#+1C30#+1C24#+PAPER+B, with braided</p> <p>It is suitable for people who play gaming and switch .</p>
