

Self-service smart pet washing machine

long:1m

Wide:1.2m

tall:1.8m

heavy:380KG

Functional Accessories

18.5-inch display Capacitive touch screen 4G Wi-Fi Outdoor light
 Dual-Protection Electric Fence Emergency stop switch Camera
 Door magnetic lock Warm air heating module Cold Water Heating Module
 Door closing in place detection Speaker Spray pressurization Centrifugal fan
 Three types of detergents injected Hot water high-temperature protection
 High-temperature air outlet protection Dry-boil protection Device error protection
 Ultraviolet and ozone disinfection(One wash, one sterilization)
 16 fault checks indicate device abnormalities
 Emergency Stop Memory Recovery Function

Specifications

Rated voltage: AC 220V Rated frequency: 50Hz Standby power: 30W Shower Power: 1100W
 Maximum operating power: 6000W Maximum current: 27.5W Rated current: 20A
 Rated power: 5500W Outdoor light: DC12V 30W Camera: DC12V 5W
 UV Disinfection Lamp: DC12V 30W Speaker: 40 3W Door magnetic lock: DC12V 5W
 Odor elimination and disinfection: AC220V 5W Fan: AC220V 1500W
 Warm air heating: AC220V 2250-3750W Warm water heating: AC220V 2200W
 Inlet Solenoid Valve: DC220V 4W Shower gel solenoid valve: DC220V 4W
 Xiangbo Solenoid Valve: DC220V 4W Hair Conditioner Solenoid Valve: DC200V4W

Display screen specs

Screen type:IPSTFTLCD Capacitive and Touch Resolution: 1920*1080
 Visibility:85° C/85° CC/85° /85
 Backlight mode: LED Color: 16.7m (8bit)
 Touchscreen structure
 The surface cover is made of tempered glass Surface hardness: 6H Light transmittance: over 90%
 Rated power: 15W Operating voltage: DC 12V Operating current: DC 1A
 Operating temperature: -20° C to 70° C Operating Humidity: 10%~90% RH
