

FULLVIEW MIRROR SYSTEM

Model: FVMS123TFT

12.3 inch High Definition TFT With Recording

Descriptions:

This is a TFT with a 12.3 inch display. It can connect with two 1080P cameras and video recording function. It is mounted on the A-pillar in the car. It is convenient for the driver to see the dead corner outside the car, so that the driver can have a broader vision and improve the driving safety.

Cautions:

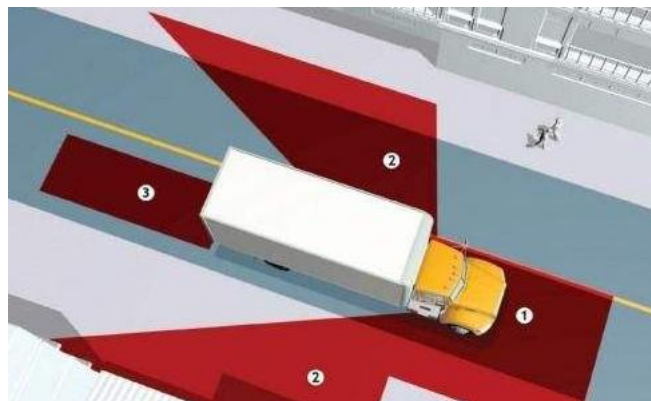

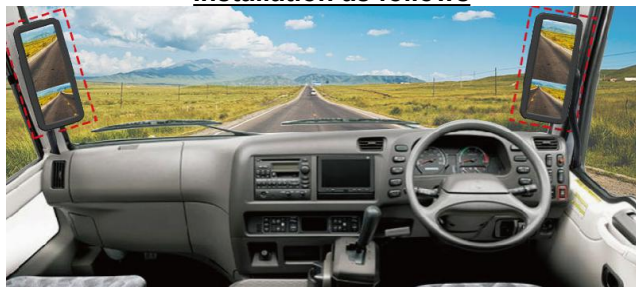

1. Please ensure that the input voltage range is within the specifications.
2. Please do not place the TFT in a location with a temperature exceeding 70°C.
3. Do not attempt to service the TFT by yourself. Please refer all services to qualified Dealers.

Packing list:
