

SPECIFICATIONS FOR ORGANIC CASHEW NUTS

SPECUFICATIONS

Grade / Size	Kernel Count per lb (454g)	Approx. Kernel Count per kg	Color & Quality	Typical Use
W180 (King of Cashews)	170–180 kernels	375–395 kernels	Premium white whole kernels	Luxury retail, gift packs
W210 (Jumbo)	200–210 kernels	440–465 kernels	Large white whole kernels	Premium retail and export
W240	220–240 kernels	485–530 kernels	White whole kernels	Retail and food service
W320	300–320 kernels	660–705 kernels	Standard export grade	Most popular global grade
W450	400–450 kernels	880–990 kernels	Smaller white whole kernels	Bulk food processing
W500	450–500 kernels	990–1,100 kernels	Small white whole kernels	Industrial food applications
SW180	170–180 kernels	375–395 kernels	Scorched whole kernels	Roasting and processing
SW210	200–210 kernels	440–465 kernels	Scorched whole kernels	Snacks and ingredients
SW240	220–240 kernels	485–530 kernels	Scorched whole kernels	Food manufacturing
SW320	300–320 kernels	660–705 kernels	Scorched whole kernels	Processing industry
SW450	400–450 kernels	880–990 kernels	Scorched whole kernels	Industrial use
DW (Dessert Whole)	Variable	Variable	Darker kernels	Baking and confectionery
