Certificate of Analysis

品名 Product Name	GHK-CU	批号 Batch No	2025.7.29tw
报告日期 Report date	2025.9.11 September 11, 2025	生产日期 Manu Date	2025.9.1
颜色 Colour	Light blue to blue		检测结果 detection result
外观 appearance	Solid		符合 conform to
含量 content	98%		符合 conform to
分子量 molecular weight	400.91		符合 conform to
溶解度 Solubility	Soluble in dimethyl sulfoxide		符合 conform to
MF:	C14H21CuN6O4		符合 conform to
CAS 号码 CAS NO.	89030-95-5		符合 conform to
定义 Definition	The copper peptide GHK-Cu is a complex composed of metal copper ions and a tripeptide. Due to its rich content of colored metal copper ions, the blue copper peptide exhibits a unique and elegant blue color. It is the earliest discovered multi-peptide with cosmetic effects.		符合 conform to
