

Specification

Outlook	Model	S15 Solar Panel Charger
 	Highlight	◆Maximum solar charging power 1.5W ◆Built-in li-ion battery current capacity; 1700mAh ◆ Maximum output DC6.0V/1500mA ◆charged by solar power or external adapter ◆Spray-water protected(IP protection class56)
	Maximum solar charging power	1.5W
	Maximum solar charging current	300mA
	Built-in li-ion battery current capacity	1700mAh
	External charging input	DC5V/300mA
	Maximum output	DC6V/1500mA
	Battery duration	fully charged in one day under daylight; shooting 9418 pcs in day or 3741 at night; filming 2716 clips in day or 458 at night,(sample model defaulted 5sec/clip);
	Operating temperature	-10℃ to +40℃
	Storage temperature	-20℃ to +60℃
	Service life	3 to 5 years
	Dimensions (MM)	approx. 158*102*14mm
	Weight (G)	approx. 188g
