Features

© The Universally compatible headset BNC80 features active noise cancellation technology, which reduces distracting ambient noise by capturing and negating external sound waves

© A hard shell carry case has built-in accessory compartments to protect your BNC80 on-the-go

© Get concert-quality sound with 40mm drivers that provide booming bass, a detailed midrange, and extended treble

© Built-in rechargeable Lithium-ion battery provides up to 30 hrs of Active Noise Cancellation, 15 hrs of Bluetooth compatibility, and 12 hrs combined Bluetooth and Active Noise Cancellation

© Advanced active noise canceling design effectively reduces aircraft, subway or train engine noise up to 88%

© Compatible with all iOS, Android, and Windows mobile devices. Also included is a 3.5mm cable for wired connections and a built-in microphone for hands-free calling.

© Bluetooth 4.1 and aptX technologies to deliver exceptional wireless sound quality

© Memory foam and genuine leather provide unmatched comfort that contours to seal around your ear. Lightweight and compact, the foldable BNC80 is perfect for travel.

© 3.5mm audio jacket enables non-stop stream of music even when the headphone is out of power

Enjoy the headphones in 3 Ways:

- **Wireless**- The latest apt-X Bluetooth 4.2 technology ensures a reliable, clear connection
- **Wired**- Use the braided tangle-free (frustration-free!) 3.5mm cable and conserve your battery. Gold plated stereo and airplane adapters ensure Universal Compatibility and offer the highest quality connectivity
- **Solo**- Use the Active Noise Cancelling (ANC) feature by itself to enjoy peace and quiet
