

|                       |  |
|-----------------------|--|
| Material Capabilities | Carbon steel, Alloy steel, Aluminum alloy A360,A380,A390,ADC-12,ADC-             |
| Mold Capability       | Inhouse design   |
| Process               | Investment casting, Gravity casting, Sand casting, Lost wax casting, Die casting |
| Heat Treatment        | Normalize, Anneal, Quench, Temper  |
| Surface Treatment     | Shot blast, Galvanized, Painting, Chrome plating, Powdercoating, etc.            |
| General Tolerance     | CT6-CT8  |
| Production Capacity   | Depend on complicity of different products and the quantity                      |
| Packaging             | Standard: Wooden cases with waterproof inner bag                                 |
|                       | For large and big quantity: pallet or as per customers' requirement              |
| Term of Payment       | T/T, Paypal, Trade Assurance etc.  |
| Minimum Order         | Comply with customer's demand  |
| Delivery Way          | Express(DHL,Fedex, UPS,TNT,EMS), By Sea, By air, or on your requirement          |
