CH03 - Intelligent A5 UV flatbed printer

Technical Parameters	
Model	CH03 A5UV flatbed printer
Printhead	Epson 10 gen（XP600）
Printer size	54*35*38cm
Printing area	20*15cm
Print speed	16pass
Max print resolution	1440*2880dpi（With intelligent ink drop conversion technology） (Resolution is inversely proportional to print time)
Media thickness	0-6CM
Number of printhead	1
Ink color	CMYK+white ink (W)
Ink type	UV ink
Ink cartridge	Continuous ink supply/Capacity 200ml
Drying system	UV_LED sodify
Receive file type	TIFF(RGB&CMYK),BMP,PDF,EPS,JPGE etc
Power requirements	AC 220-240V，50/60Hz
Operating environment	Temperature 10-35C, humidity 20-80RH
Operation system	Windows 11/10/8/7/Vista/XP Mac OS X 10.5.8 or above version
Power	250W
UV cooling system	Air cooled
Operation method	Smart integrated touch screen
Warranty period	2 years warranty for the whole machine except consumables
Package size	
Printer size	L54cm *W35cm*H38cm
Package size	L61cm*W44cm*H47cm
Net weight	26kg
Gross weight	38kg
Package	wooden box
