Stay Cool Anywhere with Instant Neck Cooling

Beat the heat with this portable wearable neck air conditioner. Featuring dual semiconductor cooling plates and dual turbo fans, it delivers instant cooling directly to your neck for fast, refreshing relief. Under appropriate conditions, it provides a cooling sensation of up to 38°F (21°C),* while advanced AI cooling technology activates in just 1 minutes to lower neck temperature by up to 10°F (5.6°C).

Perfect for commuting, hiking, outdoor work, travel, concerts, gardening, camping, and everyday summer activities.

***Cooling sensation, cooling performance, and battery life may vary depending on ambient temperature, humidity, operating mode, and individual usage conditions.**

Up to 9 Hours of Cooling

The built-in 4000mAh rechargeable battery provides up to 9 hours of runtime on a single charge and supports 2A fast charging, reaching a full charge in about 2 hours. Connect a power bank for extended cooling anytime, anywhere.

3 Fan Speeds & 3 Cooling Modes

Choose from 3 fan speeds and 3 cooling modes to match your comfort needs. Unlike ordinary neck fans, this wearable air conditioner combines semiconductor cooling with powerful airflow from dual 7,000 RPM motors for a cooler, more refreshing experience.

Smart LED Display & Comfortable Wear

The LED display lets you easily check battery level and operating mode at a glance. Its lightweight ergonomic design provides a secure, hands-free fit, while the bladeless construction helps prevent hair from getting caught and operates quietly for everyday comfort.

Perfect for Summer

Whether you're traveling, exercising, commuting, or working outdoors, this wearable neck air conditioner keeps you cool wherever you go. It also makes a thoughtful gift for family, friends, and anyone looking to stay comfortable during hot weather.

MF-1020 Multi-Function Power Portable Fan

Specification:

- * Hands free wearable USB neck hanging cooling fan
- * Built-in Semiconductor Refrigeration Cold Compress Air Cooler , cool down to 16°C
- * Charging time: 2 hours
- * Working time: 1.3~9 hrs
- * Power consumption: 9.5W
- * Product material: ABS/aluminum alloy/silicone
- * 3 gears of fan and cooling mode
- * Battery: 4000 mAh
- * Included: fan, charging cable, manual
- * Product Size: 215 x 170 x 50 mm, 438g

MOQ: 1K
