For ISO standard 20/40ft container		control voltage	AC 220V(optional)
Rated lifting load	41T	Total power	≤8kw
Allowable load eccentricity	±10%	Protection class	IP55
Load of lifting lugs at four coners	10T*4	Operating pressure of the system	100 bar
Dead weight	10T	Ambient temperature	20ºC-+45ºC
Expansion time(20-40)	~30s	Twistlock mode	ISO floating twistlock, driven by oil cylinder
Twistlock rotation(90°)	~1s	Telescpoic mode	driven by a hydraulic motor and reduction gear box connected to en endless chain
Power Voltage/Frequency	AC 380V(3P/50HZ)	Flipper device	Knock-down flippers
Application	QC, RMG,RTG,Portal crane, Jib crane
