

## Shenzhen Gathe Printing Factory

### Supplying to Belkin, Mili, Lifeworks and iHome

Shenzhen Gathe Printing was established in 1999 and specializes in printing and manufacturing color paper boxes, folding plastic boxes, bubble mailers, envelopes, wrappers and other packaging accessories, which are widely distributed in North America, Oceania, East Asia and the Middle East. Our main clients include Belkin, Mili, Lifeworks and iHome.

### Daily Output Reaching over 10,000 Pieces

We have over 100 staff manning our administrative, engineering, business, QC and production departments. Aside from four mailer/envelope production lines, one bubble sheet production line, five box production lines, two offset printing lines, four sticker production lines and three mold cutting lines, we also have one lab and one sample showroom. We own advanced Heidelberg/Roland printing machines from Germany and other related equipment as well. With such resources, our daily output is over 10,000 pieces. Moreover, as far as technology is concerned, we are among the best in the printing industry in China.

### Enjoying Competitive Edge in the Industry

The original designs of our products give us great competitive edge over other suppliers, and the superior quality and reasonable price make our products sell quickly both in China and abroad. Our color paper boxes for Apple's iPhone 4/4S, iPad 2 covers/Bluetooth keyboards are among our popular products.

### Your Special Requirements are Welcome

We will always do our best to create whatever you want with our abundant experience and professional knowledge. We believe we can meet or exceed your quality requirements. So come to our company to get amazing suitable packaging for your brilliant products. Inquire today.
