

Following Robot Specifcaions:	
External dimensions	794 * 565 * 529 MM (L * W * H)
Package size	870* 640* 610 MM (L* W* H)
Weight	35KG
Climbing ability	$\leq 15^\circ$ (fully loaded)
Remote control distance	≤ 30 M
Maximum speed	5.4KM /H (adjustable)
Obstacle height/seam width	5cm
Turning radius	0
Tyre type	12 inch pneumatic tyre
Functional mode	Follow /Remote / Push Toggle
charging mode	manual charging
Charging time	4H (5A Charging Appliance)
Motion	Two Wheel Differential
Braking mode	electron magnetic braking
Rated load	≤ 100 KG
Following distance	1-7 M (adjustable)
Acceleration	0.5 m/s ² (adjustable)
Obstacle detection height	34CM
Battery specification	24V20Ahlithium battery
Duration /Mileage	20 kilometres
Anti-collision mode	Near 360 °indoor and outdoor universal laser
