

Product Name	PLA magic dual color filament
printing informations	
Material	Import PLA material
Printing temperature:	190-220°C
Platform temperature	40-60°C
Printing Speed	60-120mm/S
Fan speed	80-100%
Chamber temperature	N
Certificate	CE ROHS SVHC
package information	
Length	350M
Net weight	1000g
Gross weight	1500g
Packed	Vacuum seal + desiccant
Inner Box size	21*21*7CM
Carton size	44*35*23CM
Inner quantity/CTN	10Boxes/CNT 15kg
Filament parameter	
Density	1.21
3d printing 100% fillingTensile strength	≥35Mpa
injection tensile strength	≥60Mpa
Elongation at break	4.3-5.8
MFR	6-8
Ht deformation temperature	61.5°C
